Declaration of TÜV Nederland QA B.V.

This system certificate was issued on the basis of version 17-01 of the National Assessment Guideline on Safe and Environmentally Friendly Demolition (BRL SVMS-007) in accordance with the regulations of TÜV Nederland QA B.V..

TÜV Nederland declares that there is justified confidence that the demolition work performed by Koole Holding B.V. continuously complies with the requirements of the above-mentioned National Assessment Guideline. The requirements of this National Assessment Guideline relate to the management system of the demolition contractor, the expertise of personnel, the preparation, execution and hand-over of demolition projects, the removal of materials released during demolition, and work safety and the environment.

For TÜV Nederland QA B.V.

E.W.A.C. Franken
Managing Director

Users of this system certificate are advised to check its validity by referring to the Certificate Register on the website of the Central Board of Experts for Demolition www.ccvd.nl.
