Explanatory note

To the certificate with registration number 31548-3.12

Assessment guideline for the process certificate for the execution of (water) soil remediation and interventions in the water bed

TÜV NORD Nederland hereby declares, on the basis of the certification investigation that has been carried out, that there is a justified confidence that the processes carried out by

Koole B.V.

will continuously comply with the process specifications as explained in this process certificate and, for that reason, they will comply with the standard document applicable to the certification.

In the event of complaints, the client may contact the certificate holder and, if necessary, TÜV NORD Nederland.

For the Soil Quality Decree, the certified organisation is an organisation recognised by the Minister of Infrastructure and Water Management, only if the certificate is included in the overview of recognised soil intermediaries on the website of the Directorate-General for Public Works and Water Management: www.bodemplus.nl.
